ORDER SUSPENDS ENLISTMENTS

Washington, Aug. 9.—Voluntary enlistments in the army and navy were completely suspended today to prevent disruption of industry pending disposition of the bill proposing to extend draft ages to include all men between 18 and 45 years. Orders were issued by Secretaries Baker and Daniels that no voluntary enlistments be accepted after today until further orders.

The orders also exclude civilians from appointment to officers' training camps until further notice.

The orders were issued after a conference between Secretary Baker and Secretary Daniels and were made public after President Wilson had visited the offices of both Secretaries late in the day.

It was explained that the view of the Government is that many of the older men are indispensable in their present occupations, but the natural result of the debate on the draft age question is certain to lead to a rush to the recruiting office. It is regarded as essential that men greatly needed at home should be prevented from rushing into the army under a mistaken idea that they are certain to be drafted anyhow and prefer to join the service voluntarily.

HUN LINES BEND UNDER HEAVY BLOW

ENORMOUS NUMBER OF PRISONERS AND GUNS TAKEN IN SURPRISE OFFENSIVE SOUTH OF SOMME.

(By the Associated Press)

London, August 9.—Fourteen thousand prisoners and guns too numerous to count have been taken in the British drive on the front south of the Somme, says today's war office report. The cavalry is still pursuing the enemy, and allied progress is continuing. The French have taken Frednoy-en-Chausse, while the British have reached a point east of LeQuesnel and Caix.

Paris Reports Little Change.

Paris, August 9.—The battle front situation south of the Somme is unchanged, according to official announcement. There was a good deal of activity during the night, says a statement, by German artillery in Champagne. Several raids in the Prosnes region suffered repulse.

Advance of Seven Miles.

London, August 9.—The Franco-British advance south of the Somme has reached a maximum depth of seven miles, according to news received here shortly after noon today.

Germans Completely Surprised

On French Front in France (Havas Agency), August 9.—French troops on a six mile front northwest of Montdidier have advanced to a depth four miles and captured nearly 3,000 prisoners and important material. The advance was carried out with extremely light losses. German soldiers were captured harvesting grain in the fields back of the lines so great and complete was the surprise.

PREPARING TO REGISTER MORE

LOCAL BOARD ORDERED TO BE READY FOR REGISTERING MEN FROM 18 TO 45.

The local board of Pontotoc County has been ordered by the adjutant general to get everything in readiness to register all men who will come under the new draft law congress will be called on to pass, embracing the ages between 18 and 45. They will comply with the orders at once and as soon as the law is enacted a day will be set for these to register. A list of registrars will be announced in a few days.

17,000 HUNS CAPTURED

LATE ADVICES TELL OF OVERWHELMING VICTORY IN NEW DRIVE.

(By the Associated Press)

London, Aug. 9.—(Battle Front 3 P. M.)—More than seventeen thousand prisoners had been captured by allies in Somme drive up to noon today according to advices this afternoon. Over 200 guns were also taken.

Attack Makes Fine Progress.

London, Aug. 9.—The British have captured Morlancourt on the northern side of the Somme front and the infantry line now runs from that point to a point southeast of Moreuil. This represents an infantry advance of seven miles in the center along the Chateau-Laferre railway. Along the entire front the average infantry advance is from five to six miles.

Huns Blow Up Ammunition.

With British Army in France, Aug. 9.—(Reuters)—The Germans are blowing up ammunition dumps in the battle area indicating they are about to retreat further. British casualties since the beginning of the Somme drive are but three-fifths of the number of prisoners counted up to 3 o'clock this afternoon. Enormous quantities of stores and ammunition have been abandoned by the enemy. Cavalry patrols accompanied by tanks are reported by airmen far out ahead of the infantry advance. The infantry advance at many places was checked by sheer physical inability to push any further.

Hammering Paris Again.

London, Aug. 9.—The long range bombardment of the Paris region by German cannon was resumed again this morning.

WALTER JAMES DIES IN BUFFALO HOSPITAL

While Foch may not yet be ready to a general drive on the Germans all along the line, his latest offensive along the Amiens front indicates that he now has the men necessary for an effective stroke. The Huns will be doubt not only be held the remainder of the year but forced from the ground they gained in their spring drive. Foch has always been a hard hitter and the boches are now feeling the weight of his fist. It is too much to hope that this drive will end the war, but it will likely put the allied forces into position to end it next year.

COMPLIMENTING THE REV. BONNIE GRIMES
Rev. Bonnie Grimes is now pastor of the First Baptist Church at Ada, Oklahoma, and the parsonage of the Baptist Church in Honey Grove is vacant. With the services of last Sunday Bro. Grimes closed his work of nine years in this city.

The closing services were very touching indeed. Large crowds were present, and realizing that it was the last day's work of the beloved pastor in this city, members of the congregation and many friends were there with bleeding hearts and tear-stained eyes. At the morning service the Methodist pastor and his flock came just as the service was beginning and entered heartily into the sweetly-solem worship of the hour.

As the service was about to close the Methodist pastor made a short talk, paying a high tribute to his fellow-worker and expressing the deep sorrow of the entire population of the town over the going of Bro. Grimes to another field. At night the Presbyterian minister and his congregation were present and there was another touching service. Tears were shed and tender goodbyes were said, and then Bro. Grimes and his good wife closed their work in Honey Grove.

There is universal regret in Honey Grove because these Christian workers have left us. Through their labors here many have been led from the kingdom of darkness to the kingdom of light, and hundreds have grown stronger in the service of the Meek and Lowly One who was thrown from Calvary's rugged tree for the healing of the nations. They have labored faithfully and they have lived the life they have encouraged us to live. The congregation gave up their pastor with deep sorrow and regret. All was done that could be done to keep him here. The call was unanimous, and the salary was increased, but after prayerful consideration, Bro. Grimes felt that he should transfer his labor to another field, and he answered willingly, though sorrowfully, the call of duty.

These good people have gone from us, but their work remains. We shall continue to love them, and the prayer of our people is that in their new home they may have the love of the people, as they have here, and that health and happiness may ever attend them as they preach and live the unsearchable riches of Christ.—Honey Grove Signal.

"OVER THE TOP" IS SCOOP OF THE YEAR SAYS MANAGER OF LIBERTY

Great American Photodrama of Patriotism, Starring Empey Coming.

Manager McSwain of the Liberty Theatre, has scored the scoop of years in motion pictures by obtaining "Over the Top," the Vitagraph special in which Sergeant Arthur Guy Empey, author of the famous book, appears in the leadin groe "Over the Top."

This masterpiece will be shown at the Liberty for two days beginning Monday, Aug. 12. He is planning to make it one of the biggest events in the history of the theatre, and will have special decorations and music during the run of the picture.

"Over the Top," in book form is the most widely read and probably the best known of any book published in recent years. Its sale is said to have been the greatest and it is known that more than 3,000,000 have read it. In addition, the story has been reprinted in hundreds of newspapers all over the country, and has been estimate that Empey's name and that of his book have been read daily for at least six months by more than 25,000,000. This probably makes Empey the best known individual outside of public life whom the war has produced.

"Over the Top," in picture form, will present the high lights of Empey's thrilling narrative of action in No Man's Land, with a strong dramatic story knitting the incidents together. In addition to Empey, there will be in the cast a number of well known screen favorites, including Lois Meredith and James Morrison in the principal supporting roles, "Mother" Mary Maurice, Arthur Donaldson, Julia Swayne Gordon, Nellie Anderson, and Betty Blythe.

More than 7,500 regular U. S. soldiers were used in making trench scenes, which were staged at Camp Wheeler, near Macon, Ga., by special permit of the War Department.

DAY OF MUSIC AT ROCKY CHAPEL

The all day singing at Rocky Chapel the fourth Sunday of July was spent most happily and was one of the best we have had this year. A fine dinner was spread on the ground at the noon hour which was also greatly enjoyed.

The next 4th Sunday singing will convene at Fitzhugh, which is about ten miles south of Ada on the Frisco railroad. We expect a fine time with the Fitzhugh class. Everybody welcome.—G. M. Ledbetter, Mgr.

SUGAR SUPPLY FOR CANNING INCREASED

Oklahoma City, Aug. 9.—Through the efforts of C. B. Ames, federal food administrator for Oklahoma, an additional allotment of sugar to be used exclusively for canning and preserving purposes has been allotted to Oklahoma by the national food administration.

The additional allotment will enable Oklahoma housewives to do their canning for August without experiencing a sugar shortage, in the opinion of food administration officials.

"OVER THE TOP" WITH EMPEY IS "A VOICE FROM THE TRENCHES"

"A Voice from the Trenches" is the way Sergeant Empey's great story, "Over The Top," has been described by critics. As a drama with the fighting sergeant in the very role he enacted in the trenches it will be shown next Monday and Tuesday at the Liberty Theatre.

The soldier-author with this play holds the mirror up to human nature as he found it in the English private soldier. His story will appeal to young and old alike, to all who love pathos and humor, great deeds and manly men.

The New York Times in commenting on the story, "Over the Top," said: "Prospective soldiers can learn pretty nearly just what is awaiting them in both incident and sensation, while their folks at home will be heartened."

Like the book, the Vitagraph drama is filled with anecdotes that will bring the smile and laughter. Empey proves that life in the trenches is not all gloom by any means. He says:

"War is not a pink tea, but in a worthwhile cause like ours, mud, rats, cooties, shells, wounds or death will far outweighed by the deep sense of satisfaction felt by the man who does his bit. There is one thing my experience taught me that might help the boys who may have to go. It is this—anticipation is far worse than realization. In civil life a man stands in awe of the man above him, wonders how he could ever fill his job. When the time comes he rises to the occasion, is up and at it, and is surprised to find how much more easily than he anticipated he fits his responsibilities.

You will miss a good sermon if you don't come to the Nazarene church Sunday at 11 and at night. Rev. Olin of the Oklahoma Holiness College will be the preacher. 8-9-2t

I Thank You Kindly.

I wish to extend my sincere thanks to the 659 citizens who voted for me for Representative in the late primary. I think I made a remarkable race when the fact is considered that when I entered I had only been in the state and county one year and knew only a few people, and those lived in Ada. I feel that those who voted for me did so because I advocated progressive measures and I hope your tribe will greatly increase.

Now since the campaign is over let us all do every thing we can in every place we can in every way we can to help kill all the Huns we can.

Yours for Good Government, (Adv) M. L. CHAMBERS.

JEWS OF PALESTINE CELEBRATE DELIVERANCE

(By the Associated Press)

Jerusalem, June 18.—Restoration of the Parchment Scrolls of the Law of the various synagogues in Tel Aviv and Jaffa was one of the interesting ceremonies which followed the British occupation.

These scrolls of the Law of Moses which are all written by hand are preserved in magnificently ornamented cases, some of them in solid silver are the most sacred and holy possessions of every Jewish community. So when Djemal Pasha in his hostility to the Zionists carried out the tyrannical evacuation of the bulk of the Jewish population of Jaffa in April, 1917, the Jews carried with them these sacred Torah into exile, lest they should fall into the hands of the Turks.

These sacred scrolls had been carefully guarded by the Jews at Petach Tikvah (Mulebbis) and were brought back in solemn procession to Jaffa. A triumphal arch was erected at the northern confines of Tel Aviv, every house was decorated with flowers and bunting and the whole of the Jewish population turned out en fete to meet the return of their sacred possessions. Jews came not merely from Jaffa but also from Rishon-le-Zion and the other neighboring colonies.

The young men and girls of the Maccabee Athletic Association dressed in white clothes, with blue sashes and ties maintained order and kept a pathway clear for the procession through the crowds. The procession was headed by the Australian Military band and the ceremony at the Triumphal Arch was attended by officers representing the Military Governor and by Dr. Weizmann and the members and officers of the Zionist Commission.

The Haram Bashi (Chief Rabbi) of Jaffa mounted a small dais near the Triumphal Arch and delivered an eloquent Hebrew address in which he recounted the hardships of the evacuation. He thanked and invoked blessings upon the British Government and the British Army, and expressed the hope that success would crown the efforts of the Zionist Commissioners. The Jews desired to regenerate and build up Palestine, not merely for their own benefit, but for that of all its inhabitants, whose friendship and help he invited. The re-establishment of the Jewish people in their ancient home in Palestine, he said, would be for the good of all humanity.

Then the Shofar or Ram's Horn was blown and the scrolls were carried under canopies by the Chief Rabbi, Dr. Weizmann and others to the various synagogues to which they belonged.

In the afternoon the town of Tel Aviv remained en fete. There were processions of school children crowded and decorated with flowers, the Yemenites carrying small lambs and goats on their shoulders and bearing palms in their hands. Children sold flowers and confetti in the streets the proceeds of which go to a fund started recently by the Zionist teachers for translating into Hebrew and publishing in Hebrew, English books and literature. In the evening the Maccabees gave an athletic demonstration in the public gardens, and the proceedings closed at sun set with the singing of "God Save The King," and the Zionist National Anthem "Hatikvah," the Song of Hope.

Methodist Notices.

The hour of Sunday School is nine forty-five. All are urged to be on hand. At nine in the morning Mrs. Jeter meets with the Junior society. The Epworth League will hold an interesting meeting at seven thirty.

Morning service will be held at the church and at evening there will be meeting at the tabernacle as well as the church. Father Crutchfield and the pastor will both preach at the evening hour.

At the morning service at the church Misses Todd and Noe will render a lovely duet by special request. The song will be "Mother Always Cares."

Sunday, August 18th, Rev. U. W. Witt of McAlister will preach for us and our pastor will preach in Tulsa and Okmulgee. An exchange of pulpits has been arranged all over eastern Oklahoma for that Sunday.

Our people will be glad to know that Bishop Mouzon has consented to spend a Sunday with us during the month of September. He is one of our best and most capable leaders and we anticipate great benefit from his ministry at the time of his September visit there.—Wallace M. Crutchfield, Pastor.

M. T. Hardin, special representative of the U. S. and State employment service, was in Ada Thursday and organized a community labor board for Pontotoc county which shall have jurisdiction over the recruiting and distribution of labor in this community. The committee is composed of A. L. Fentem, chairman, M. M. Cotton and B. H. Frick. The plan has the approval of the county council of defense and chamber of commerce of Ada.

Functions of the Board

The Community Labor Board shall have general jurisdiction over the recruiting and distribution of labor in its community, subject to the State Director of Employment.

1. The Community Board shall, for local purposes, pass on questions of relative importance of the needs of employers for workers.

2. In handling calls for government workers, the Board shall pass on the priority of the industry in determining what workmen shall be taken to make up the state's quota.

3. The Board shall, at all times, be subject to the call of the State Director of Employment, in putting on drives for the purpose of judicially recruiting labor for war, and other industries.

4. The Board shall, at all times, hold itself in readiness to carry on educational propaganda among workers and employers, to wit:

(a) In encouraging employers engaged in non-essential industries to give up their workmen for government needs.

(b) To encourage workmen to remain with employers who are engaged in executing war contracts.

(c) To carry on any other educational propaganda under the direction of the State Director, that will best serve the government in handling war problems.

It is suggested that when any local questions arise pertaining to labor turnover, that the Community Board make an examination and investigation of the conditions causing such labor turnover, and put forth every effort within their power to have employers remedy the defects.

5. In the conduct of the work assigned the Community Labor Board, a close co-operation should be had with the County Council of Defense in handling any matters that apparently do not properly come within the jurisdiction of the Board.

6. The Board should, at all times, hold itself in readiness to take up complaints and grievances of both employers and employees in any line of industry, making thorough investigation of the facts in each case and communicating such information immediately to the State Director of Employment.

It is the intention to organize two Boards in each locality where necessary: one to handle all questions of recruiting and distributing laborers and mechanics engaged in building trade occupations, and the other in handling mechanical trades and laborers. For the purpose of handling any questions pertaining to common labor, the two boards so designated, will sit as one body and handle such problems jointly. The Boards are warned in advance that war issues must be made paramount in consideration of all questions coming before them. Questions of local pride, local enterprise that does not have a direct bearing upon the war, must be given secondary consideration to any and all questions that pertain to the war or essential industries that will aid in winning the war.

THE DUCK POND.

"Around a duck pond," said Daddy, "was a walk made of wood or boards. Around this sometimes the ducks would walk, but more often they would just stand around the pond in a circle.

"There were diving boards and little steps by which the ducks could wobble down into the water.

"As they were standing around the edge of the pond, most of them standing on one foot, Mrs. Goose and Mr. Gander walked along through the yard, with their heads held very high.

"Good-day," said Mrs. Green. She had been given that name by the other ducks because her head was covered with very lovely dark green feathers.

"Mrs. Goose and Mr. Gander walked on, raising their heads still higher, and paying no attention to anyone. "Aren't they absurd?" asked Mrs. Green of the other ducks.

"Absolutely absurd," said Mrs. Indian Runner. She was a duck who

"Aren't They Absurd?" Asked Mrs. Green.

cared far less for the water than most ducks.

"They're not at all good looking," quacked Mrs. Mallard Duck, who cared a great deal about good looks.

"They certainly are not," agreed Mrs. White Pekin Duck.

"There were ducks of all colors and kinds around the pond, but all of them quacked, and most of them loved to stand on one leg, with the other up under their feathers, and to gossip and chatter.

"Geese are so cross," said Mrs. Green, as she splashed down into the water and began to swim about.

"They are," said Mrs. White Duck, "but I have become so excited talking about them that I have grown very warm. I must have a swim." And so she went into the water, too.

"Finally most of the ducks were swimming around. Pretty soon the geese came walking back again. Mrs. Goose still had her head just as high in the air and so had Mr. Gander.

"If I were you, either of you, in fact," said Mrs. Indian Runner Duck, "I wouldn't hold my head so high. You've got entirely too long necks. They're not a bit beautiful. In fact, they're rather queer."

"Who cares for the opinion of a duck?" shrieked Mr. Gander, and his shriek was quite the most terrific and strange-sounding shriek Mrs. Indian Runner had heard in a long time.

"It quite startled all the ducks. Mrs. Goose stopped, too, and shrieked with her husband.

"Who cares for the opinion of a duck?"

"They were both shrieking now with their high, queer weird voices, and the ducks were becoming used to them. They were always startled by the voices of the geese after they had been silent for a time.

"Who cares for the opinion of a duck?" shrieked Mr. Gander again.

"I do, for one," said Mrs. Indian Runner Duck.

"I do, for another," said Mrs. Mallard Duck.

"And I most certainly do, for a third," said Mrs. Green.

"Quack, quack, by all means I care for the opinion of a duck," said Mrs. White Pekin Duck.

"Quack, quack, quack, I care for no other opinion," said Mrs. White Duck.

"Harken to the duck pond a-talking, and a-quacking," said Mr. Gander, as he turned his long neck and looked at Mrs. Goose.

"It's quite absurd," said Mrs. Goose, "quite absurd. We know better than to pay any attention to what they say."

"Can't you be more sociable?" asked Mrs. Green, who wanted to be friendly with all her neighbors.

"It's quite impossible for us to have anything to do with ducks. We'll not fight with you, but we can't associate with you. We don't like any creatures but ourselves, and how could we? We're so used to crossness that we love it, and other creatures don't."

"Can't you become used to being pleasant?" asked Mrs. Green.

"We don't care to be pleasant," shrieked Mr. Gander.

"We'd hate to be pleasant," added Mrs. Goose.

"Well, now I see why they're called geese," said Mrs. Green, as they walked off once more, wobbling still, though their heads were held so high. "It's because they haven't the sense to try to be pleasant!"

FRIENDS AMAZED AT HER IMPROVEMENT

Denver Nurse Declares Taniac Ended Her Troubles—Glad to Recommend It.

"Taniac was just what I needed, for it has certainly put an end to my troubles and built me up until my friends are amazed at my improvement," said Miss Mary G. Hollister, a nurse of many years' experience, who has a wide circle of acquaintances in Denver, Colorado, residing at 1433 Ogden street, that city.

"For several months," she continued, "I suffered from a disordered condition of my stomach that worried me night and day. My appetite failed and what little I forced myself to eat soured and formed gas that caused me much distress. My back hurt right between my shoulders as though I had rheumatism and I was so restless at night that I could hardly sleep. I felt so weak and rundown and had so little energy that my work became a task.

"The medicine I took did me no good and when I heard about Taniac I decided to try it. Positively it seemed to go right to the seat of my trouble and soon I began to pick up and feel better. My appetite has improved so that I can enjoy all my meals and am never troubled with gas. The pains between my shoulders has disappeared, I get my regular nine hours of sleep every night and I have strength and energy to go right through my work day after day without ever feeling tired or worn-out like I used to. Taniac has done me so much good that I am glad to recommend it to anyone who has trouble like I had."

Taniac is sold in Ada by Gwin & Mays Drug Company, and by leading druggists and dealers everywhere.

BUYING CLOTHING UNDER DIFFICULTIES

Petrograd, August 8 (Correspondence of The Associated Press)—The difficulties hedging in existence of those who live in Petrograd during these times of disturbed regime and shortage in necessities of life, extend in all their details to the ordinarily simple task of buying a shirt. To accomplish this taken time, patience and determination.

First, one must find the shirt. One may visit forty shops before he finds one of the proper size. The question of preference of style is not to be considered for one moment. Otherwise one will never get the shirt. Having found something that resembles a shirt of the proper size, one deposits a small payment to hold it.

The next thing is to convince one's house committee—there is a committee in every apartment house in Petrograd now—that he needs a shirt. If the house committee passes favorably on the subject, it so reports to the commissary in charge of the distribution of shirts and kindred articles of clothing.

If one is quite lucky, after five or six days time, he receives a duly signed and sealed permit to buy a shirt. Then he buys it, but ordinarily pays the Russian equivalent of \$15 or \$20. Some of the poorest quality, may be found as low as the Russian equivalent of \$5.

This restriction of purchase extends to all major articles of men's and women's clothing and shoes, and, recently, because of the linen and cotton goods shortage, was applied to handkerchiefs. Prices for everything are in proportion to the shirts, an ordinary suit of men's clothing costing the equivalent of \$100.

The Model's Communique To the Public

We have repulsed the high prices on Palm Beach and Cool Cloth clothing by reducing it 25% off. The straw hat salient was raided this week reducing it to 1-3 off. The outlook for the boys wash suit department is discouraging as our force has reduced them to 25% off. Just received reinforcements in the shoe department. New lines of Hanan, Walk-Over and Douglas Shoes coming to our rescue at \$3.50 to \$11.00.

GRAVE OF QUENTIN ROOSEVELT FOUND BY AMERICAN AVIATOR

With the American Army on the Vesle, Wednesday, Aug. 9.—On a wooden cross at the head of a grave at the edge of a wood at Chamery, east of Fere-en-Tardenois, is this inscription:

"Lieutenant Quentin Roosevelt. Buried by the Germans."

German newspapers announced several days ago that Lieutenant Roosevelt, who disappeared during an aerial combat on July 17, had been buried by the Germans at Chamery, but until today the grave was not discovered. It was found by an American aviator. The inscription is in English.

Birthday Party.

Thursday afternoon W. J. Hughes Jr. entertained his little friends at the home of his parents, 501 East 15th St., from four to six in honor of his sixth birthday. Many games were played and enjoyed by the youngsters. Red lemonade was served throughout the afternoon.

W. J. was all smiles as his little guests arrived each presenting him with various gifts. After two hours of fun they were led to the dining room where ice cream and cake were served.

Those present were Junius Allen Ridling, Edith, Mozelle and Alice McAllister, Jim Abney, Lorena and Lorenz Austin Bailey, Josephine Rock, Clifford Gay, Raymond Dixon, Homer Hensler, Jr., Gwendolyn and Paul Holloman, Emma Ruth Bolen, Mary Etta McKendree, Martha Eleanor and Annie Ruth Cowart, Francis D Bayless, W. J. and Edwin Ross Hughes.

Men wanted for Powder Factory

The community labor board appointed for Pontotoc county is now at work signing up men needed in building another big powder plant at Nashville, Tenn. Some forty or fifty are needed and several have already signed. E. N. Walker is looking after the work for the board and can be found in the rear of the First National bank. He urges all who expect to go to sign at once so that the quota may be shipped out as little delay as possible.

LATER.—Mr. Walker advises that a shipment of men will be made via the Katy Saturday night, so all who wish to go should apply at once. First class carpenters and laborers are wanted.

GEN. MURGUA TRYING TO RESTORE MEXICO

(By the Associated Press)

Juarez, Mex., Aug. 9.—General Francisco Murgua, commander of the north, has forsaken the ways of war for more peaceful pursuits. While he has not relinquished his command of the northeastern military zone, General Murgua is devoting practically all of this time and attention to reconstructive work in northern Mexico.

In addition to the agricultural colonies he has established at Molinar and Casas Grandes, Chihuahua, he has plans for opening large tracts of land which were confiscated from land holders during the revolution and colonizing on these tracts with Mexicans from the crowded cities of the south and with Mexican laborers who have been forced to go to the United States to seek employment.

When the constitutional movement led by Carranza succeeded, the work of the Madero revolution, which had been left unfinished, was resumed. Confiscation decrees were issued against General Luis Terrazas and many other large land holders in the north. These lands have been under the control of the government since they were seized by the confederation issued by Francisco Villa while he was commander of the north under Carranza. They are well adapted to cattle grazing, irrigation farming where water is available and in many places cutting high grade timber. It is these lands that General Murgua plans to colonize and his experimental colony at Molinar, north of Chihuahua City, is receiving practically all of his attention at present. He visits it frequently and assists the colonists.

Parsons-Ellison.

The marriage of Mr. Harry H. Parsons and Miss Ruth Ellison was solemnized at the home of the bride's parents, W. A. Ellison and wife. Thursday afternoon, Rev. W. M. Crutchfield performing the ceremony.

Both young people have a host of friends at Ada and are deservedly popular. Mr. Parsons is a carpenter and a young man with a promising future. The News extends its best wishes to the young people.

The Confederate veterans are making preparations to attend the Tulsa reunion in full force. Many Sons and Daughters are expected to join the party and a large delegation go from Ada. At the last meeting Mrs. J. W. Bolen was elected sponsor but the election of delegates was postponed until the September meeting.

SOME TOTALS IN PRIMARY RACES

In the tabulation of election returns the lack of time made it necessary to omit the names of the county candidates who had no opposition, but their total votes are given below together with the totals in several state races.

Getting the figures together in time for this issue has been a big job but the results are approximately correct and the official figures will not differ much in any case.

Losses Caused by Muskrats. Muskrats are destructive to embankments, dams, canals and irrigation ditches. They delight in the deep water of artificial reservoirs. The breaking of mill dams in districts where manufacturers depend on water has often been charged to muskrats. In the spring of 1904 muskrats were charged with wrecking a dam at Thomson, Conn., by burrowing into it, and damage of several thousand dollars was done by the escape of the water, and there are instances of other loss by the giving way of waterways.

Value in Association.

"I believe in association as the sole means of realizing progress—not merely because it multiplies the action of the productive forces, but because it tends to unite all the various manifestations of the human mind, and to bring the life of the individual into communion with the collective life of the whole.—Maxim."
